# Citizens' Inquiry\*

## ...and how to use it.

If you can't find the right number,  
or the appropriate Provincial office  
to meet your needs, please phone this  
number for assistance and referral:

**Telephone: (416) 965-3535**

\*The Citizens' Inquiry Branch of the Ministry  
of Culture & Recreation assists in making the  
Ontario Government more responsive to requests  
from individual citizens who may have difficulty  
in obtaining government information or assistance.  
The Branch supplements existing channels of  
communication between citizens and the government.

## INTER-CITY SERVICE

The Inter City Network is designed to provide telephone service between Queen's Park and centres outside Toronto at a lower cost than long distance calling. The network of course, should only be used for business purposes. Following is a list of the localities served by the Network.

To use the Inter City service merely dial the three digits listed opposite the locality you wish to reach then the seven digit local number. It is not necessary to dial 9 or 1 first.

**COMMERCIAL STANDARDS PROGRAM**

*This program consists of five activities that provide for the regulation of financial and commercial affairs to promote a high level of ethical business conduct responsive to the needs of the buyer in the market place. This is achieved through disclosure to the public of the essential elements of business transactions including the issuing of securities, registration and licencing of persons dealing with the public to assure a high degree of competence and honesty in their dealings, and examination and surveillance of the financial standing and practices of firms. In addition this program provides services for incorporation of companies, administration of The Motor Vehicle Accident Claims Act in respect of the adjustment of claims and payment of damages occasioned by the operation of stolen, unidentified or uninsured motor vehicles, and provision for appeal hearings with respect to the matters of licencing under various acts administered by the Ministry.*

**TECHNICAL STANDARDS PROGRAM**

*This program consists of six operating activities, co-ordinated by the Office of The Executive Director, which are responsible for ensuring public safety through the inspection of elevators, pressure vessels, upholstered and stuffed articles, the transmission, transportation, distribution and utilization of natural gas, propane and fuel oil, the storage, transportation, distribution of gasoline and associated products, and the issuance of licences for the operation of elevators and pressure vessels. The Uniform Building Standards activity is seeking to establish, through several advisory committees, a system of uniform building and fire safety standards for the Province.*

**ENVIRONMENTAL ASSESSMENT AND PLANNING DIVISION**

**14th Floor**

*This Division has three major responsibilities which provide a scientific base for many of the Ministry's policies and activities:*

*To serve as the central approval and co-ordinating agency for applications involving the design, construction and operation of water, sewage, solid waste reclamation and recycling plants and waste disposal sites required under Ontario legislation.*

*To conduct scientific and technical research, assessment and pollution control programs involving the use of water, land and air resources, the environmental implications of realty development and the control of all forms of pollutants.*

*And, to provide technical and supervisory services required in the planning, construction and operation of water and sewage treatment plants, solid waste and resource recovery facilities.*

# **MINISTRY OF HOUSING** (Locations Exceptions Noted)

*The Ministry is charged with the responsibility for ensuring an adequate supply of housing at affordable prices — directing and co-ordinating all provincial efforts to meet the housing needs of Ontario residents. Ministry programs help to bring serviced land into production, improve existing housing, broaden the housing mix, facilitate home ownership, speed development approvals, foster effective municipal planning, encourage the development of rental accommodation and provide rent-geared-to-income housing for families and senior citizens of low and moderate incomes.*

4th Floor Frost Bldg South

*Divisional responsibilities revolve around planning and production of the Provincial Budget, including all major aspects of public finance, eg. Provincial and local government taxation and grants policy; Provincial fiscal policy; federal-provincial tax-sharing; financing of shared-cost programs; and equilization. The division monitors in-year budget performance and co-ordinates multi-year fiscal projections. The division also conducts original research and develops proposals in many areas of public finance including tax incidence, tax reform, social security, intergovernmental finance and economic stabilization. Much of the division's work is published.*

## GOOD TELEPHONE HABITS

When you answer your telephone, you may be the first person (or the second after being connected, or transferred by the operator) from the Ontario Government to talk with the caller — often a member of the general public. Therefore, the impression you leave with the caller is all important.

REMEMBER, BEING HELPFUL AND COURTEOUS TO TELEPHONE CALLERS IS THE RESPONSIBILITY OF EVERY GOVERNMENT EMPLOYEE — NOT JUST OF OPERATORS AND ENQUIRY PERSONNEL.

The following are a number of points which will help improve your call-handling techniques:

- \* Answer promptly, within two rings if possible
- \* Answer properly, identify yourself and the name of your branch or ministry
- \* Listen carefully to the caller's request and indicate you understand
- \* Show interest, assure the caller that you will help
- \* If necessary to transfer, explain to the caller that you are transferring, and give the caller the name and number of the person they are being transferred to
- \* Always suggest that the caller "dial direct", except when calling long distance or from a coin telephone
- \* Always leave your full telephone number and name when requesting someone to call you back
- \* Arrange to have your telephone answered when you are away from your desk, leaving word where you may be reached and/or when you will be available
- \* Terminate calls courteously

## TO TRANSFER A CALL

You should first encourage a caller to dial-in directly (unless calling long distance or from a coin telephone), but if required, you may transfer incoming calls which have been direct-dialed or connected through the Centrex System. **YOU CANNOT TRANSFER INTERNAL CALLS.** Tell the person that you are transferring the call; then **MOMENTARILY DEPRESS THE TELEPHONE CRADLE BUTTON, OR HOOK SWITCH ONCE, RELEASE, AND WAIT FOR THE OPERATOR TO ANSWER.** Ask the operator to transfer the call by giving her the last 5 digits of the desired local.

\*Long Distance Directory Assistance is available by dialing 9 + 1 (+ area code if outside 416) + 555-1212 (no charge)

## DIRECTORY ASSISTANCE

Listings for the exchanges shown by the shaded area on this map will be found in your Metropolitan Toronto telephone directory.

### to dial local calls

1. Look up the number, jot it down.
2. Listen for dial tone before you dial.
3. Dial 9 plus the telephone number.

Listings for the other exchanges shown may be obtained by dialing 411. If you have occasion to make frequent calls to this area, additional telephone directories may be obtained at no charge from your Directory Co-ordinator.

Remember, there is now a 25¢ charge for each number provided by a Directory Assistance Operator, when the number requested is listed in your local telephone directory (shaded area on map above).

For out-of-town Directory Assistance dial 9 + 1 (+ area code if different from your own) + 555-1212. There is no charge for this service.

## GOVERNMENT TELEPHONE SYSTEMS

The Telecommunication Services Branch of the Ministry of Government Services provides telephone systems throughout the province for public servants to use in communicating with each other and with the public in the conduct of government business. At Queen's Park, both a Centrex telephone system for local service, and access to an Inter City Network for Inter-city calling, are provided to serve government ministries and agencies in the Toronto area.

The Centrex system facilitates "direct-in-dialing", enabling those people calling from outside government, as well as internal callers, to bypass the Central Switchboard. This provides a faster, more efficient, and a more personal service for callers. The Central Switchboard does provide an information service for callers to the main government telephone number, in the course of answering enquiries and passing along callers as quickly as possible to the appropriate ministries and agencies. It is therefore most important that any directory listing changes be reported as soon as possible.

The Inter City Network is designed to provide telephone service between Queen's Park and centres outside Toronto, at a lower cost than long distance calling. This network, of course, should only be used for business purposes. When making a call from Toronto, the list of localities served (Page XIV) should be consulted, and if the municipality being contacted is listed, the Network should then be utilized. If the Network is busy, or if service is not provided to the municipality in question, then long distance should be used.

# **TELECOMMUNICATION SERVICES**

## **PROVISION OF SERVICES**

The Telecommunication Services Branch provides a complete range of telecommunication services to all government users. In addition, its role is to coordinate and plan the rational evolution of government telecommunication systems, and to promote and protect the best telecommunication interests of government users. Services encompass telephone (local and inter-city), intercom systems, radio telephone systems, teletype systems, data communication systems, radio systems, facsimile, cable, satellite and various other special telecommunication systems. New and improved common service data and other services are presently under development, and will be introduced as soon as available.

Services provided include those of both an operational and an advisory nature. Operational services include telecommunication systems design, systems/service acquisition, systems implementation, and the provision and management of common telecommunication services (Centrex services, Inter City Network). Telecommunication advisory services include system feasibility studies, systems planning, hardware and software evaluation, project management and coordination and both the preparation of request for proposals and the evaluation of supplier proposals.

To obtain additional information or assistance regarding these services, call the Telecommunication Services Branch at 5-6265 (detailed listings on page 85).

## **HOW TO ARRANGE FOR TELEPHONE SERVICES, INFORMATION LISTINGS AND DIRECTORIES**

Each ministry or agency has designated an individual as a Telephone Coordinator. This person's principal task is to coordinate the handling of all requests for telephone and intercom services, but also includes the responsibility for supplying government and municipal directories and for updating directory and switchboard information listings. In some ministries, a different person is responsible for updating the directory and switchboard information listings.

The role of these coordinators involves liaising with the Ministry of Government Services for the provision of these services. In the event your Telephone Coordinator is unavailable, additional information or assistance may be obtained directly from the Telecommunication Services Branch at 5-1414.

This directory, revised and updated twice yearly, is undoubtedly one of the most important and useful publications issued by the Province.

The Ministry of Government Services and the many ministry co-ordinators responsible spend much time and energy to make the directory as accurate and easy to use as possible.

Our new edition is part of the continuing effort to meet our objective to make the information as accessible as possible. We hope that through its use you will find this directory a direct and speedy route to the individual and ministry with whom you may have business.
